

Embed your Blabber into Oncourse

- Create your blabber and save it.
- Go to your profile
- Click on Share by the blabber you want to embed.
- Copy the section that says cut and paste to embed.
 - Highlight the section of code
 - Right click on the highlighted section
 - Select Copy

- Minimize the blabberize site
- Open Oncourse
- Go to your Oncourse webpage
- Click on the pencil to open the edit box for the section you want your blabber.
- In the edit box move your cursor where you want the blabber.
- Click on the Source button

- Right Click and paste the code you copied from the blabberize site.
- Click on the Source button again.
- Now you should see a square that says "Flash" in the center of it.
- You may move this up and down and side to side using enter and the space bar.
- Click Save and Close

- Now on your webpage you should see your blabber.
- To delete the blabber go back to the edit box.
- Click on Source
- Delete the code you embedded earlier.
