

Parent's Command Center Quick Guide

If you have more than one student in Tangipahoa Parish Schools, please call each of the schools and have the five digit access code for all of your students set to the same number. Otherwise, you will need to set up separate usernames and passwords for each student.

To log-in, type in <https://jgrade.tangischool.org/jpweb> as the address and hit "Enter." You will see a screen that looks like this.

The screenshot shows the 'Parent's Communication Center' login interface. The header includes the site name and logos for 'EDucation GEAR' and 'D.O.E. TOPS Website'. The main content area is split into two columns. The left column, titled 'PARENT'S COMMAND CENTER - PARENT LOGIN', contains a welcome message and instructions: 'Please... .. login with your username and password.' and '... register if a First Time User.' The right column, titled 'LOGIN INFORMATION', contains input fields for 'Username' and 'Password', a 'Sign In' button, and links for 'Register a New User' and 'Forgot Password'. At the bottom, there are navigation links: 'Exit Web', 'Logout', 'Terms', and 'Help'.

If this is your first visit to the Parent Command Center, you will click on "Register a New User." A new screen will pop up. Click on "Relationship Information" and a drop down menu will appear. Choose one of the options listed.

The screenshot shows the 'New User Registration' page. The header includes the site name and logos for 'EDucation GEAR' and 'D.O.E. TOPS Website'. The main heading is 'New User Registration'. Below the heading is a note: 'Fields shown in RED are required.' The registration form is divided into two sections: 'Relationship Information' and 'Name Information'. The 'Relationship Information' section has a dropdown menu with 'Please Select' and a red highlight. The 'Name Information' section has input fields for 'Last Name' and 'PSN', both with red highlights. At the bottom of the form are 'Submit' and 'Reset' buttons. Navigation links 'Exit Web', 'Logout', 'Terms', and 'Help' are at the bottom of the page.

You must then input your last name (which may not necessarily be the student's last name) and the five digits of the student's PSN that you gave the school.

Another screen will come up that allows you to set your username and password to something you will remember.
