

OnCourse Lesson Plan Newsletter

May 2008

OnCourse Teacher Web Site

Get Ready for the next school year!

- Post supplies needed for the start of the school year
- Post classroom management rules
- Post grading scales and procedures
- Post volunteer opportunities in the classroom
- Post information about field trips
- Post vocabulary words to practice
- Post Internet sites that have practice materials related to class activities or links that are coordinated with textbooks used in class
- Post dates and directions for class projects in advance
- Recognize a "Student of the Week"
- Post practices, rehearsals, and rescheduled events

Adding Links to Teacher Web Site

Click on the "My Web Site Editor" panel.

- Click on "Add Link"
- If you are just adding a page to this web site, enter the name that will appear on the main link in the top text box.
- If you are entering the address of a web site, enter the name that will appear on the main menu link in the top box. Enter the URL to which the user should be transferred when the link is clicked in the second text box. For example, if you have another class web site, that address could be entered here so that visitors could go to your other web site by clicking the link.
- Click "Save" to close the screen
- Repeat the steps above to add additional pages or URLs
- Click the "Post" for each page to be displayed.
